You can make up your own song gestures this year since it's only your class :-). Also, practice them singing loudly! Since we don't have all the classes together, your voices have to fill an entire theatre now! Pretty sure they can be loud! Haha

## 2021 Graduation: Teacher Responsibilities

1. It's never too early to start practicing songs! Especially the Toy Story one. Just start playing it randomly :-)
2. Chalk Board Pic: No words need to be on the board except their job. Remember to have them press hard enough that it will show on the picture. It is ideal for them to write it on their own or with little guidance. When taking the pic, please be close up and have a nice background. You can use your phone for these bc you will have to text them to me. Deadline for pictures to be sent will be Friday, April 9th. Let me know if you need a chalkboard.

3. Parent Gift: 8x10 frame that will include their chalkboard picture on one side and job drawing on the other side. These do not need to be started until April because they will easily change their mind.

a. Drawing shall include their name at the top and their drawing. They do need to draw on a "landscape" placed paper and not "portrait." Let them write their name :-)

b. I will provide a ribbon to wrap it.

c. I have cute scrapbook paper for the picture border that I'll also pass out.
