## 2022 Graduation: Teacher Responsibilities

1. Practice the songs starting right away ☺ You can make up your own gestures and movements since it's only your class the night of graduation. Just remember they will have a on a cap and gown. Practice singly loudly! It's only your voices that will fill the theatre! If you have 2 preschool rooms and grads in both, please talk to the other teacher about how you can practice together!
2. Chalk Board Pic: This picture will be used for 2 reasons. I use the digital pics for the Graduation pamphlet/program AND I print a copy for the project listed below.

-When preparing the board for each child: Clean the chalkboard completely so the previous child's job is not showing. Nothing needs to be on the chalkboard expect their job..... no other words. Have them press hard enough that it will show up when you take the picture. This is in their handwriting. When taking the pic, be close up and have a nice wall background. You can use portrait mode on the ipad and I'll ask for them in about a month.

3. Parent Gift: 8 x 10 Frame will include a piece of cardstock that has scrapbook paper and their chalkboard picture on one side and a drawing of their job on the other side. These do not need to be started until 1<sup>st</sup> or 2<sup>nd</sup> week of April. I'll grab the materials you need over the next couple of weeks.
  - a. Drawing shall include their name at the top in their handwriting and their drawing.
  - b. I will provide ribbon to wrap it and scrapbook paper for border
  - c. Ask the children individually what they want to be.

4. Graduation Practice: We try to practice at the theatre once or twice before the big day. More info when we get closer!
