

Illness Report
Updated: Dec 2023

_____ had the following indications of not feeling well today. Highlight the illness below:

- A) Illness that prevents the child from participating comfortably in program activities;
- B) Illness that calls for greater care than the staff can provide without compromising the health and safety of other children
- C) Fever with behavior change or symptoms of illness; Under the arm temperature of 100 F or higher. *Siblings policy is that your child may return when they are fever free for 24 hours without fever-reducing medication.*

D) Unusual lethargy, irritability, persistent crying, difficulty breathing or other signs of possible severe illness;

E) Diarrhea;

F) Vomiting 2 or more times in the previous 24 hours, unless the vomiting is determined to be due to a non-communicable condition and the child is not in danger of dehydration; *Siblings policy is that your child may return 24 hours from the last vomit.*

| Temp Record | | |
|-------------|------|--|
| | Time | Arm/Forehead must read 100. Ear must read 101. |
